REF. S-99861

Albali Engagement Ring

ENGAGEMENT RINGS

The Albali engagement ring has a twisted band, one shoulder of which is set with pavé diamonds. A round centre stone in a four-claw setting sits where the two lines meet.

DESIGN & VIDEO

REF. S-109139

Alya Beta Engagement Ring

ENGAGEMENT RINGS

The Alya Beta engagement ring is the richer sister of the Alya ring: an oval centre stone held by four prongs, with a hidden halo of tiny diamonds beneath the crown that sparkles in profile. The band is set with a denser pavé of round diamonds along its entire visible length, so the ring glitters

DESIGN & VIDEO

REF. S-99882

Alya Engagement Ring

ENGAGEMENT RINGS

The Alya engagement ring carries an oval centre stone with a hidden halo of diamonds beneath the crown, which sparkles when viewed from the side. The delicate band is set with pavé along its full visible length.

DESIGN & VIDEO

REF. S-99903

Antares Engagement Ring

ENGAGEMENT RINGS

The Antares engagement ring is a striking design with a round centre stone in a six-claw setting and a band richly set with diamonds in three rows of 3D micro-pavé. Sparkle from every angle.

DESIGN & VIDEO

REF. S-117840

Arkalis Engagement Ring

ENGAGEMENT RINGS

The Arkalis engagement ring places an oval-cut diamond at its centre. Two pear-shaped diamonds and four small round brilliants sit on either side, forming a delicate cluster that visually extends the line of the stone.

DESIGN & VIDEO

REF. S-100431

Bosona Engagement Ring

ENGAGEMENT RINGS

Pure geometry in a minimalist form: the Bosona engagement ring sets an emerald-cut stone into a smooth bezel setting that protects it all the way around. The delicate, rounded band lets the lines of the stone stand out, and carries the Sirius collection's star on the underside.

DESIGN & VIDEO

REF. S-100448

Calvera Engagement Ring

ENGAGEMENT RINGS

The Calvera engagement ring carries an emerald-cut centre stone in a four-claw setting with delicate double claws. The thin, rounded band rises into a cathedral shape at the top.

DESIGN & VIDEO

REF. S-99963

Carina Engagement Ring

ENGAGEMENT RINGS

Two stones, one story: the Carina engagement ring in the toi et moi style carries a pair of pear-cut diamonds on an elegantly wrapped bypass band. A design for those seeking something other than a classic solitaire.

DESIGN & VIDEO

REF. S-99992

Como Engagement Ring

ENGAGEMENT RINGS

The Como engagement ring carries a round centre stone on a band with three rows of micro-pavé that converge into a sharp knife-edge. The ring sparkles from every angle and yet remains delicate and light.

DESIGN & VIDEO

REF. S-100024

Electra Radiant Engagement Ring

ENGAGEMENT RINGS

The Electra engagement ring is a three-stone ring with a radiant-cut centre stone and two white trillion-cut side stones. With a fancy yellow diamond at its centre the ring gains real character, framed by the white pair at its sides.

DESIGN & VIDEO

REF. S-100066

Estera Engagement Ring

ENGAGEMENT RINGS

The Estera engagement ring pairs a radiant-cut centre stone with two trillion-cut side stones on a smooth band. The trio of geometric shapes looks clean and modern, without a single unnecessary detail.

DESIGN & VIDEO

REF. S-108972

Formosa Engagement Ring

ENGAGEMENT RINGS

The Formosa engagement ring puts a marquise-cut centre stone in the spotlight. Marquise side diamonds follow on either side, while the twisted band is lined with a pavé of small round diamonds.

DESIGN & VIDEO

REF. S-100087

Honores Engagement Ring

ENGAGEMENT RINGS

The Honores engagement ring is a romantic three-stone ring with a heart-cut centre stone and two round side diamonds. A two-tone design with the stones' settings in white gold lets all three diamonds shine.

DESIGN & VIDEO

REF. S-100110

Majoris Engagement Ring

ENGAGEMENT RINGS

A statement for bold personalities: the Majoris engagement ring holds an emerald-cut centre stone in double claws, flanked by graduated stones of the same cut. The result is a clean, confident silhouette.

DESIGN & VIDEO

REF. S-100156

Mira Engagement Ring

ENGAGEMENT RINGS

The Mira engagement ring combines a round centre stone with two larger side diamonds and shoulders set with delicate pavé. The trio of stones creates a classic silhouette, which the pavé on the band lights up along its full length.

DESIGN & VIDEO

REF. S-100179

Naos Engagement Ring

ENGAGEMENT RINGS

Halo in full glory: the Naos engagement ring surrounds a round centre stone with a halo of diamonds that visually enlarges its sparkle. Split shoulders set with pavé give the ring lightness and rich shine.

DESIGN & VIDEO

REF. S-100200

Nervia Engagement Ring

ENGAGEMENT RINGS

The Nervia engagement ring is a minimalist design with an oval centre stone set on a double smooth band. Two thin lines of metal give the ring a modern character while keeping a timeless lightness.

DESIGN & VIDEO

REF. S-100519

Paloma Engagement Ring

ENGAGEMENT RINGS

The Paloma engagement ring is a pure solitaire with a marquise-cut centre stone. Six delicate claws hold the stone — two protecting the tips, four cradling the sides — and the smooth, rounded band lets its elongated shape fully stand out.

DESIGN & VIDEO

REF. S-100214

Pegasus Engagement Ring

ENGAGEMENT RINGS

The Pegasus engagement ring pairs a round centre stone in a four-claw setting with shoulders set with delicate micro-pavé that converge into a sharp edge. The result is a ring with striking sparkle and yet a very light silhouette.

DESIGN & VIDEO

REF. S-100279

Polaris Engagement Ring

ENGAGEMENT RINGS

A timeless solitaire: the Polaris engagement ring carries a round stone in a six-claw setting on a delicate, smooth band. Nothing draws attention away from the centre diamond.

DESIGN & VIDEO

REF. S-100331

Rigel Engagement Ring

ENGAGEMENT RINGS

A modern bypass-style line: the Rigel engagement ring wraps around an oval centre stone in a half-bezel setting. Small diamonds are flush-set into the smooth shoulders, adding sparkle without disturbing the clean silhouette.

DESIGN & VIDEO

REF. S-100358

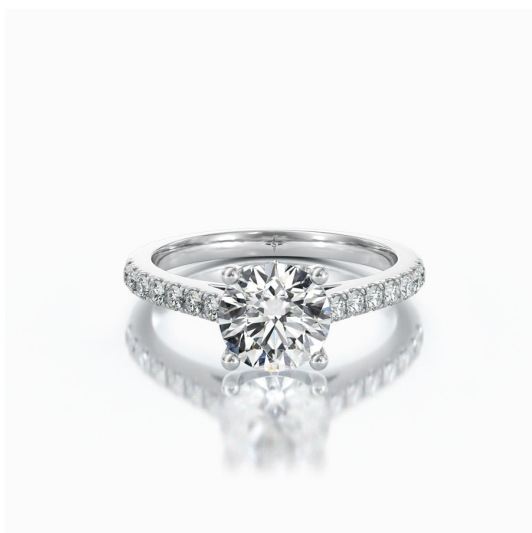

Rosa Engagement Ring

ENGAGEMENT RINGS

The Rosa engagement ring takes its inspiration from nature. The band is decorated with a beaded milgrain pattern and small leaves set with pavé diamonds that curl gently towards the centre stone.

DESIGN & VIDEO

REF. S-100384

Scorpius Engagement Ring

ENGAGEMENT RINGS

Classic in its purest form: the Scorpius engagement ring holds a round centre stone in a four-claw setting, its band lined with pavé diamonds. Sparkle along the full visible length sets off the stone without competing with it.

DESIGN & VIDEO

REF. S-100408

Vela Engagement Ring

ENGAGEMENT RINGS

The Vela engagement ring is an elegant solitaire with a round stone in a six-claw setting. The cathedral band tapers gently and carries a discreet detail on the shoulders that gives the ring lightness.

DESIGN & VIDEO

REF. S-99936

Antares Wedding Ring

WEDDING BANDS

The Antares wedding ring is a full eternity ring with round diamonds running all the way around. An unbroken line of sparkle symbolising infinity, pairing with the Antares engagement ring.

DESIGN & VIDEO

REF. S-100476

Ebla Wedding Ring

WEDDING BANDS

The Ebla wedding ring is an eternity ring with round diamonds running all the way around, set in open crown settings in two alternating sizes. Light passes freely through them and the ring feels airy and playful.

DESIGN & VIDEO

REF. S-100133

Majoris Wedding Ring

WEDDING BANDS

The Majoris wedding ring is a half-eternity ring set with emerald-cut diamonds around half its circumference. The clean, stepped facets look calm and architectural.

DESIGN & VIDEO

REF. S-100302

Polaris Wedding Ring

WEDDING BANDS

The Polaris wedding ring is a delicate band with pavé round diamonds around half its circumference. It naturally complements the Polaris engagement ring and, thanks to its smooth underside, is comfortable for everyday wear.

DESIGN & VIDEO

REF. S-99754

Algol Men's Wedding Ring

MEN'S BANDS

The Algol men's wedding ring has a polished surface and finely bevelled edges that give it an understated elegance. A comfortable comfort-fit inner profile is built for all-day wear.

DESIGN & VIDEO

REF. S-100505

Calvera Earrings

EARRINGS

The Calvera earrings are circular huggie hoops with a modern tapered profile that widens gently towards the bottom. A princess-cut diamond is flush-set at the tip of each earring in the pair.

DESIGN & VIDEO

REF. S-117855

Heze Earrings

EARRINGS

The Heze earrings are small huggie hoops about 12 mm in diameter, with the front fully set with round diamonds in a fine prong-set row. The nine stones on each earring gradually get smaller towards the clasp, so the hoop hugs the earlobe closely and sparkles with every movement.

DESIGN & VIDEO

REF. S-99726

Mizar Earrings

EARRINGS

The Mizar earrings are a drop pair with a secure leverback fastening and round diamonds in a six-claw setting. The stone swings freely beneath the ear, catching the light with every movement.

DESIGN & VIDEO

REF. S-109372

Normae Earrings

EARRINGS

The Normae earrings are studs made of four round diamonds set in a four-leaf clover shape. 9 g.

DESIGN & VIDEO

REF. S-99740

Polaris Earrings

EARRINGS

The Polaris earrings are classic studs with a pair of round diamonds in a four-claw setting and screw-back fastening. A timeless staple for any jewellery box, matching the Polaris line.

DESIGN & VIDEO

REF. S-99789

Matar Necklace

PENDANTS & NECKLACES

The Matar necklace is a delicate line of five graduated stones in a bezel setting with milgrain detail. The diamonds are complemented by coloured gemstones in blue and pink.

DESIGN & VIDEO

REF. S-99810

Nox Pendant

PENDANTS & NECKLACES

The Nox pendant suspends a pear-cut diamond beneath a smaller round stone. A simple silhouette with no distracting elements lets the size of the main stone and its sparkle stand out.

DESIGN & VIDEO

REF. S-99831

Polaris Pendant

PENDANTS & NECKLACES

The Polaris pendant is a solitaire in its purest form: a round diamond in a six-claw setting, and nothing more. A timeless classic that pairs with the earrings and rings from the Polaris line.

DESIGN & VIDEO

REF. S-99845

Trinity Pendant

PENDANTS & NECKLACES

The Trinity pendant carries a marquise-cut diamond beneath a Trinity Celtic knot, an age-old symbol of eternity. A delicate shape with deep meaning that pairs with the Trinity bracelet.

DESIGN & VIDEO

REF. S-99661

Deneb Bracelet

BRACELETS

The Deneb bracelet is a luxurious tennis bracelet with three rows of round diamonds running all the way around. A wide band of sparkle secured by a safe box clasp with a double safety catch.

DESIGN & VIDEO

REF. S-99682

Trinity Bracelet

BRACELETS

The Trinity bracelet carries a cushion-cut centre diamond between two Trinity Celtic knots, with natural emeralds set around the band. A symbol of eternity in a delicate, wearable form that pairs with the Trinity pendant.
